

Home learning activities linked to the work we are covering this term.

Scots Poem Cat Food Rap Enjoy learning and performing this poem to your friends and family. Check Class Team FILES for success criteria and the words of the poem.	Measure – Weight Help in the kitchen by weighing ingredients using grams (g) and kilograms (kg).	Practise your times tables up to the 12x table. Make sure you can say each table from memory quickly and accurately.	Go on a hunt for <u>metaphors, similes and alliteration</u> in the books or eBooks you are reading. Write examples in your home learning jotters.	Use your spelling lists. 1. Choose a word and write it in an interesting sentence. 2. Next add a connective to lengthen your sentence. 3. Now change the order of your sentence around, by <u>starting with the connective</u> (inverted sentence). 4. Read your sentence out loud to ensure it still makes sense. Make any changes needed to ensure it makes sense.
	Using your glow details, log in to BorrowBox from home and borrow either an eBook or audio book to enjoy.	<u>Primary 6 Home Learning January– March</u> Here are some activities you may like to do at home this term. You can do them at any time and in any order.	Eco warriors! Look out for waste materials that can be re-cycled for junk modelling and start to make a collection. We will be using these in February and March.	
Measure – Length Using metres (m) and centimetres (cm), measure and record in your home learning jotter, the length and	Make up division calculations and practise them, for example: 4 $\overline{)2395}$	Measure – Volume Using a measuring jug, marked with litres (l) and millilitres (ml), find and record the volume of an	Cardboard boxes, tubes, plastic lids, cartons, etc. Please make sure everything is properly washed out.	Speak to your family about the possibility of getting a library card and visiting one of our local libraries.

Remember that you have weekly spelling, reading and maths activities that have to be completed.
