

Home learning activities linked to the work we are covering this term.

Search online for “rainforest tribe house” and look at the different images for some ideas about what these look like. Gather together natural materials (sticks, leaves, etc). Design and build a tribal home.	Make lists of equivalent fractions. Make lists starting with $\frac{1}{2}$. Then make a list starting with $\frac{3}{5}$.	Keep informed on current affairs. You might like to watch Newsround. Be ready to share what you have learned with others.	Learn the continents and oceans off by heart and be able to locate them on the world map.	Use the words in your spelling lists. • Write each word in an interesting sentence. • Next, add a connective to lengthen your sentence. • Finally, add a WOW word.
	Visit your local library. Browse the books. Choose one (or more!) to read for enjoyment at home.	<u>Primary 6 Home Learning October– December 2019</u> Here are some activities you may like to do at home this term. You can do them at any time and in any order.	Share on twitter some photographs of a day you have had with your family where you learned something new.	
Look at food packaging for products containing palm oil. Discuss at home what a possible alternative might be.	Make up division calculations and practise them, for example: $4\overline{)2395}$ (Remember to use a decimal point if you need it.)	Research in books or online about an animal from the rainforest which is new to you. Write a short report and draw an illustration.	Go on a hunt for <u>interesting connectives</u> in some of the books you have at home. Bring them in and see if you can use them in your writing.	Play “Fraction Matcher” on Top Marks to help you with your fractions.

Remember that you have weekly spelling, reading and maths activities that have to be completed.
