

Woodland Adventures

Click the image for
some woodland
experiences!

Woodland adventures is an extremely **fun** and **exciting** experience for you and your child. There is something **magical** about getting out and exploring your local woodland area. In a natural world of opportunity, children feel **empowered** to learn about themselves and the environment around them. These experiences can be as **adventurous** or as **simple** as you would like, some woodland experiences include; **den building**, **natural art pictures**, **scavenger hunt**, **reading in the woods**, **creating obstacle courses**, **walk and talk** and **climbing trees**.

Woodland Adventures;

- Raises children's **confidence**, **independence** and **self-esteem** by participating in hands-on learning experiences.
- Supports **physical development** as children run, balance, jump, climb, throw and skip.
- Encourages children to begin to manage their **own risks** and **learn how to keep themselves safe** by participating within risky play experiences.
- **Connects our children to nature** and encourages a healthy active lifestyle.

WORK TOGETHER
PLAY TOGETHER
SUCCEED TOGETHER

Playing together is really important for developing your child's Language, which is vital for their learning in all areas.

A few top tips to get the most out of playing together!

- ✓ Get down to your child's level & play face-to-face
- ✓ Follow your child's lead in play
- ✓ Repeat new words often
- ✓ Most importantly – HAVE FUN!!!!!!
