

Home learning activities linked to the work we are covering this term.

Writing Have a go at these writing challenges: • Write about your favourite hobby. • Write about the funniest thing that has happened to you. • Make a list of your favourite foods. • Make a list of everything on your bedroom floor.	Numeracy Use Top Marks to help you practise your mental maths. You could use Top Marks or Hit the Button . Practise adding and subtracting as well as the times tables (start with 2x, 5x, 10x and then do others one if you feel ready for them!).	Outdoor Learning Look out the window or go into a garden or park if you can. Draw or write about what you can see. Are there any animals or birds? Could you create a chart to record what you've seen?	STEM Create a fidget toy using recycled materials at home.	Mapping Hide two or three objects around your home. Draw a treasure map for someone in your family to help them find the objects. You could also practise giving directions like left, right etc.
Reading Read a story with a grown up. • Decide on a new title for the story. • Think of four words to describe the story. • Come up with an alternative ending for the story. • Share your favourite parts with each other.	Maths/PE Play this game with a family member or a friend. Find a timer device and set it to 30 seconds. Take it in turns to time each other doing different activities such as star jumps, seeing how many steps you can do, stepping up and down on one step. Record your results and see who wins in the end!	Primary 3 Home Learning January - March 2024 Here are some activities you may like to do at home this term. You can do them at any time and in any order.	Maths Practise telling the time at home. How many clocks and watches can you find in your home? What time do you get up in the morning? What time do you have your dinner? Why not write down your breakfast and dinner times every day for a week? Practise reading, and then writing, the time.	Art Create a winter scene. You could draw this, paint it or create it using any materials you like. (Remember to check with an adult before you use anything.)
STEM Find out how to make paper planes. Try some different designs. Which plane goes the furthest?	Health and Wellbeing Go on a sensory winter walk with an adult. What can you see? What can you smell or hear?	Scots Poem Challenge yourself to practise reciting (saying) a Scots poem out loud. Can you memorise it? Try performing it with actions. The P3 poem this year is The Bubblyjock by Hugh MacDairmid.	PE Choose some music to listen to and make up a dance to go with it. Can you teach your routine to someone else?	Letter Writing Write to a friend or family member, or draw them a picture, telling them all about what you have been up to.

Remember that you have weekly spelling, reading and maths activities to complete.
